COLOURFUL

Deze unieke collectie bestaat uit een grote diversiteit aan vormen en maten welke onderling goed te combineren zijn. De producten zijn waterdicht, vorstbestendig en voorzien van een UV bestendigde lak. Ook is een groot deel te voorzien van zwenkwielen waarvan de meeste verzonken, hierdoor zijn de wielen niet zichtbaar.

Duurzaamheid

Colourful producten passen naadloos in het streven naar een duurzame wereld. De producten in de Colourful-lijn komen tot stand in een volledig gedocumenteerd en traceerbaar productieproces. Ze worden gemaakt van terugwinbare grondstoffen (polystyrol (PS) en afgedankte producten worden gerecycled. De productie vindt plaats in Duitsland onder goede, menswaardige omstandigheden, met redelijke werktijden en met een faire beloning.

Kleurmogelijkheden

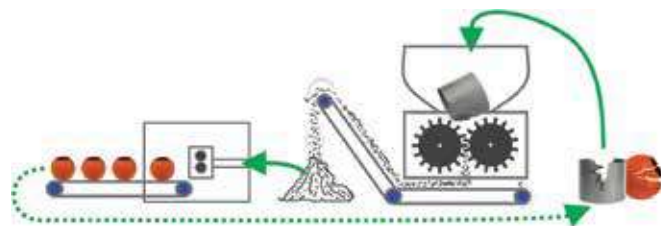

Naast 10 standaard RAL kleuren kan deze collectie in iedere gewenste kleur geleverd worden. Er kan een keuze gemaakt worden tussen een Structuur-, Mat- of Hoogglanslak. De toegepaste lakken zijn water gedragen.

Diese hochwertigen Pflanzgefäße werden in Europa gefertigt. Die Pflanzgefäße werden aus starkem und komplett recycelbarem Polystyrol gefertigt. Die Pflanzgefäße sind frostbeständig und wasserdicht. Die Lacke sind UV-beständig. Der untere Rand der Pflanzgefäße verhindert den Blick auf die Rollen, sofern diese verwendet werden.

Nachhaltigkeit

Die Colourful Produkte erfüllen lückenlos die Wünsche unserer Kunden auf Nachhaltigkeit und Umweltverträglichkeit. Der Herstellungsprozess der Colourful-Kollektion wird vom Anfang bis zum Ende dokumentiert. Die Produkte werden aus recyceltem Material gefertigt und können zu 100% wieder recycelt werden.

Die Produktion befindet sich in Deutschland. Dort wird unter guten Arbeitsbedingungen, zu angemessenen Arbeitszeiten und zu einer fairen Vergütung – weit über Mindestlohn - gefertigt.

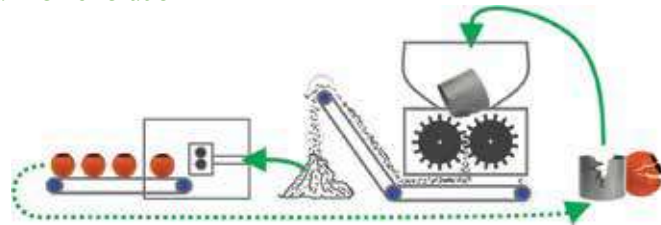

Farben

Sie können aus 10 Standard-Farben wählen. Jede andere Farbe bieten wir Ihnen mit einem Aufschlag an.

Sustainability

Colourful products seamlessly tie in with our clients' sustainable ambitions. The manufacturing process of the Colourful collection is documented from beginning to end, and products can be traced back to their very origins. Products are made of recoverable raw materials (polystyrene (PS)), and discarded products are recycled. The employees of our German suppliers enjoy good labour conditions, reasonable working hours, and fair remuneration.

Colour options

Please be advised that beside the 10 standard RAL colours, the products can be delivered in any color. All based on water based lacquer. Various finishes are possible, such as structure, high shiny and mat.
